“Words cannot express the sincere gratitude my family feels for every member of the Capstone team. The love and support you gave us during an incredibly difficult time will always be remembered.”

- Family Member of Beloved Patient

## How We Help

### High-Quality Nursing Care

Our experienced nurses are available 24 hours a day. Certified Nursing Assistants help with a variety of personal needs & often develop rich patient relationships. Our physician has years of hospice experience.

### Meaningful Faith-Based Approach

Capstone considers it a privilege to serve those nearing the end of life. Our Chaplains meet patients & families where they are on their spiritual journey with one goal: the best holistic care.

### Skilled Licensed Support Team

Capstone's licensed social workers are trained counselors and assist patients and families in coping with the stresses of serious illness.

### Highly-Trained Volunteers

Gifted volunteers are usually available upon request. Volunteers offer ongoing practical assistance & emotional support to patients & family members.

### Medical Supplies & Pharmacy

Capstone Hospice provides all hospice-related medications, durable medical equipment, and disposable supplies for each patient—making such everyday decisions convenient and efficient.

## We Are A “Capstone”

In architectural terms, the capstone is the “crowning achievement” to any structure.

Capstone Hospice allows patients and families to put “the final stone” in place as a monument to a life well-lived.

## Eligibility & FAQ's

### When is it the right time for hospice care?

The criteria for admission is a life expectancy of six months or less. However, rather than initiating services too early, most people wait far too long before engaging hospice. If you're thinking hospice may be an option, you're probably correct. The expertise of hospice is best maximized over a period of months rather than days.

### Is hospice right for my loved one?

Consider the patients' symptoms and the recommendations of your doctor. Hospice is NOT about giving up. Hospice is about giving priority to comfort rather than cure.

### What if I live in an assisted living/nursing home?

In addition to a person's private residence, Capstone's services can be provided at a variety of locations, including senior living communities and personal care homes.

### Will insurance cover my hospice care?

Most insurance plans cover hospice care with little or no out-of-pocket expense, and hospice is covered 100% by both Medicare and Medicaid. Our services are not restricted by ability to pay.
